# BUSINESS INCENTIVE PROGRAMS IN ACTION

In spring of 2025, we proudly welcomed Swisspod and Okika Devices to El Paso County. Through the Pikes Peak Enterprise Zone Program, they qualify for valuable performance-based state income tax credits for:

**Creating New Jobs**

**Providing Employee Health Insurance**

**Covering Job Training Expenses**

**Investing in Equipment**

**Engaging in Research & Development**

The Pikes Peak Enterprise Zone Program, managed by El Paso County's Economic Development Department, encourages private business investment and job growth in distressed areas of El Paso and Teller counties by offering state income tax credits for certain qualifying activities.
