

Group Critical Illness Insurance

How does it work?

If you're diagnosed with an illness that is covered by this insurance, you can receive a lump sum benefit payment. You can use the money however you want.

Why is this coverage so valuable?

- The money can help you pay out-of-pocket medical expenses, like deductibles.
- You can use this coverage more than once. Even after you receive a payout for one illness, you're still covered for the remaining conditions and for the reoccurrence of any critical illness with the exception of skin cancer. The reoccurrence benefit can pay 100% of your coverage amount. Diagnoses must be at least 180 days apart or the conditions can't be related to each other.

What's covered?

Why should I buy coverage now?

- It's more accessible when you buy it through your employer and the premiums are conveniently deducted from your paycheck.
- Coverage is portable. You may take the coverage with you if you leave the company or retire. You'll be billed at home.
