LANTERN

This call could change everything for your cancer care.

How it Works?

1. **Call Lantern before scheduling care.**
   Your Oncology Nurse Navigator learns about your diagnosis, treatment needs and goals.
2. **Choose the right specialist.**
   Access highly experienced oncologists and treatment centers close to home whenever possible.
3. **We handle the details.**
   From second opinions to scheduling, travel and follow-up, you focus on your health — not the logistics.

Why Call Lantern?

- **Faster access to care:** Avoid long waits and start the right treatment sooner
- **Top cancer specialists:** Oncologists with deep expertise in your diagnosis
- **Personalized guidance:** Support from your first call through treatment and beyond
- **Employer-sponsored:** Part of your health plan at no cost to you

Coverage Highlights

Lantern can help with:

- Second opinions from top specialists
- Coordinating care across doctors or locations
- Travel and lodging support when care is far from home*
- Guidance through treatment, remission and survivorship

* Travel benefits vary — Call Lantern to confirm your coverage.

" Claudia, Oncology Nurse Navigator, got everything going and really helped facilitate my treatment. It's such a nice feeling having that extra support system."

— Donna, Lantern Member

One call can change everything.

Expert guidance, faster care, less stress — all through your Lantern benefit
