

Better sleep starts here: an exclusive benefit for you and your family.

We're excited to share about a benefit that can help you and your family get the restful sleep you deserve. El Paso County partners exclusively with Nox Health to offer SleepCharge, a comprehensive sleep care management program.

SleepCharge is the covered benefit for all sleep services, including testing, treatment, supplies, and durable medical equipment - **all at no cost**. SleepCharge offers diagnosis and treatment for conditions such as sleep apnea, insomnia, periodic limb movements/restless legs syndrome, and circadian rhythm disorders.
