

2027 Critical Needs Office of Emergency Management

Andrew Notbohm
Regional Emergency Management and Recovery Executive Director
Office of Emergency Management
October 27, 2026

Department's Strategic Plan Goals

Pikes Peak Regional Office of Emergency Management 2025 – 2029 Strategic Goals:

- Priority Goal 1: Operational Coordination.
- Priority Goal 2: Public Information and Warning.
- Priority Goal 3: Operational Communication.
- Priority Goal 4: Mass Care Services.
- Priority Goal 5: Community Resilience.

PPROEM's Mission Statement

To build a resilient region through disaster coordination, preparedness, planning, and recovery activities.

Critical Needs and Justification

Real-Time Wildfire Evacuation Intelligence for Pikes Peak Region

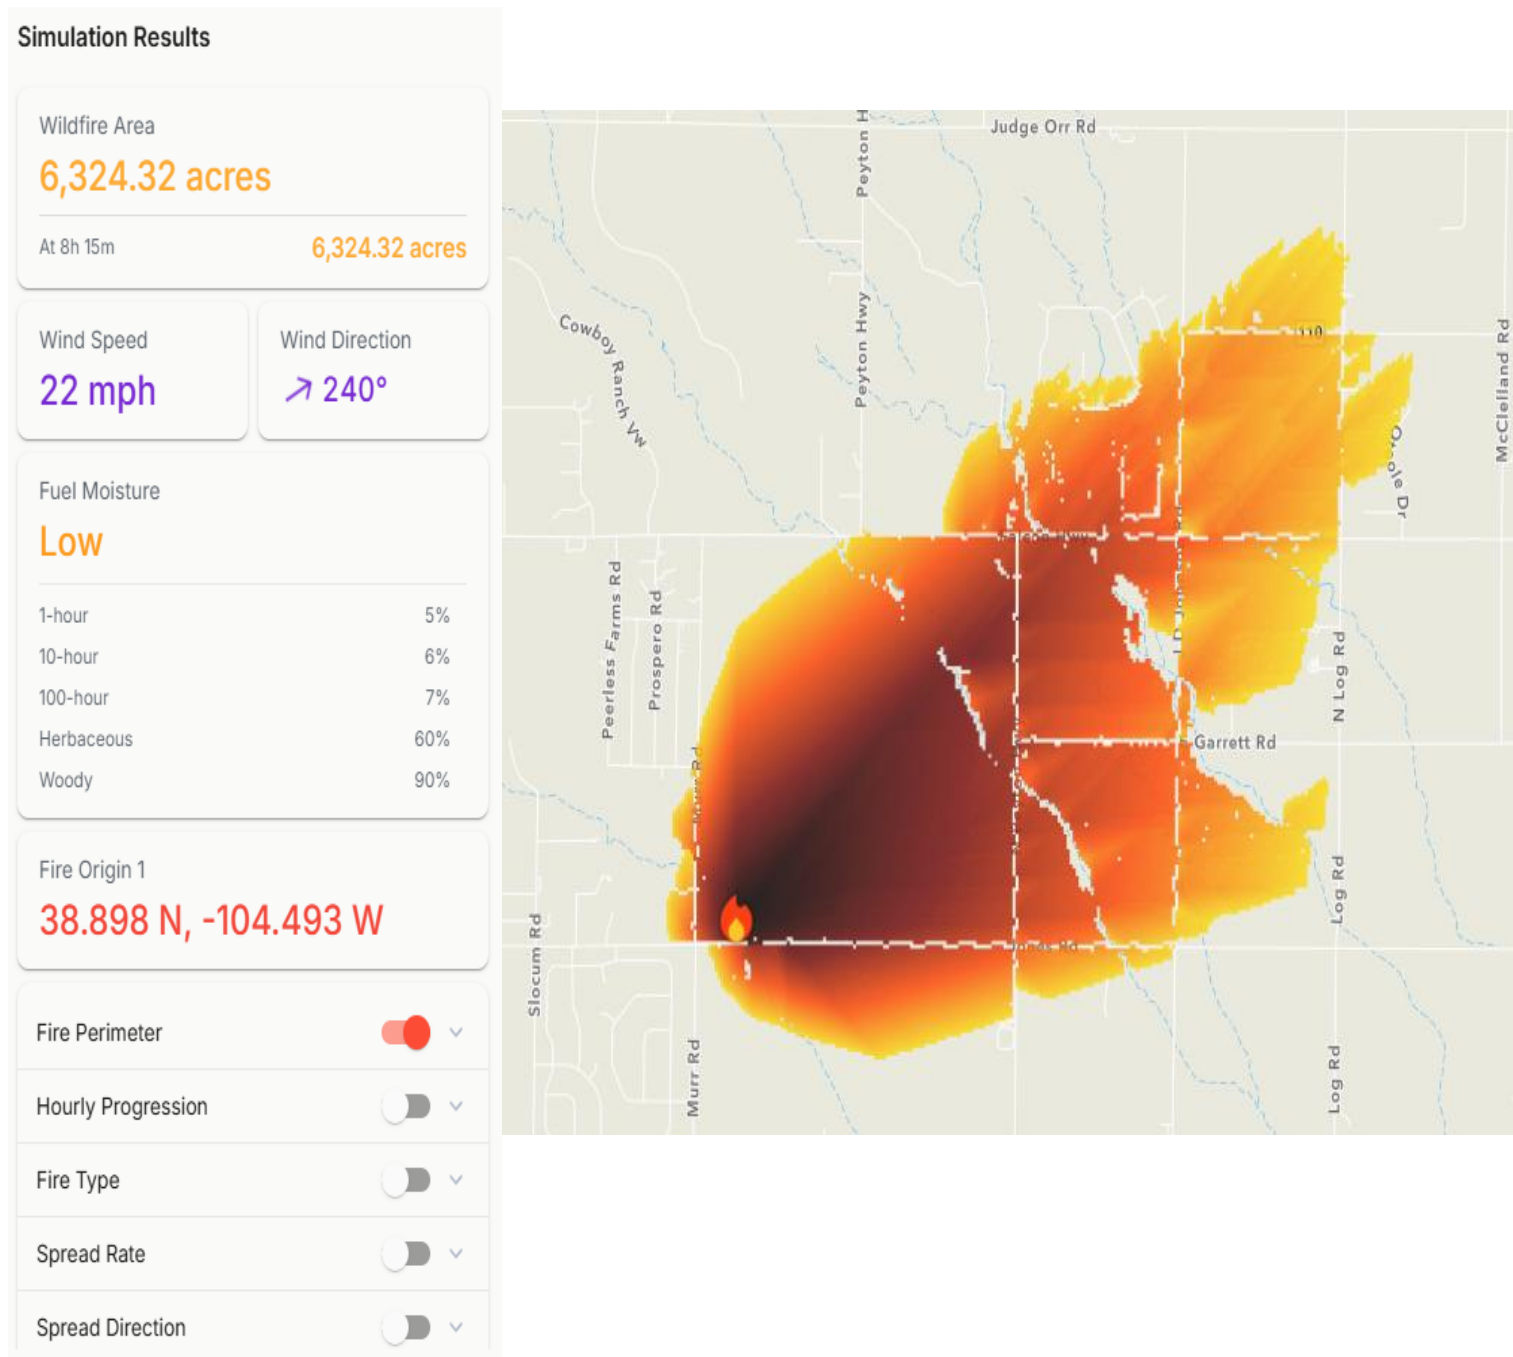

\$90,000

- Project started with a \$96,000 grant from the Statewide Internet Portal Authority (SIPA) which was awarded March 2025.
- Leveraged the Ladris Core software to inform the regional Advanced Evacuation Plan.
 - Finalized January 2026
 - Engaged with 54 agencies, departments, and jurisdictions
 - Spanning 12 different disciplines

Critical Needs and Justification

Ladris Core: Evacuation & Fire Simulations

With the software, responders and planners can quickly identify

- Areas and communities at risk
- Estimation of the evacuation timeline
- Hazard areas and traffic bottlenecks
- The wildfire spread and how fast it is expected to reach a neighborhood

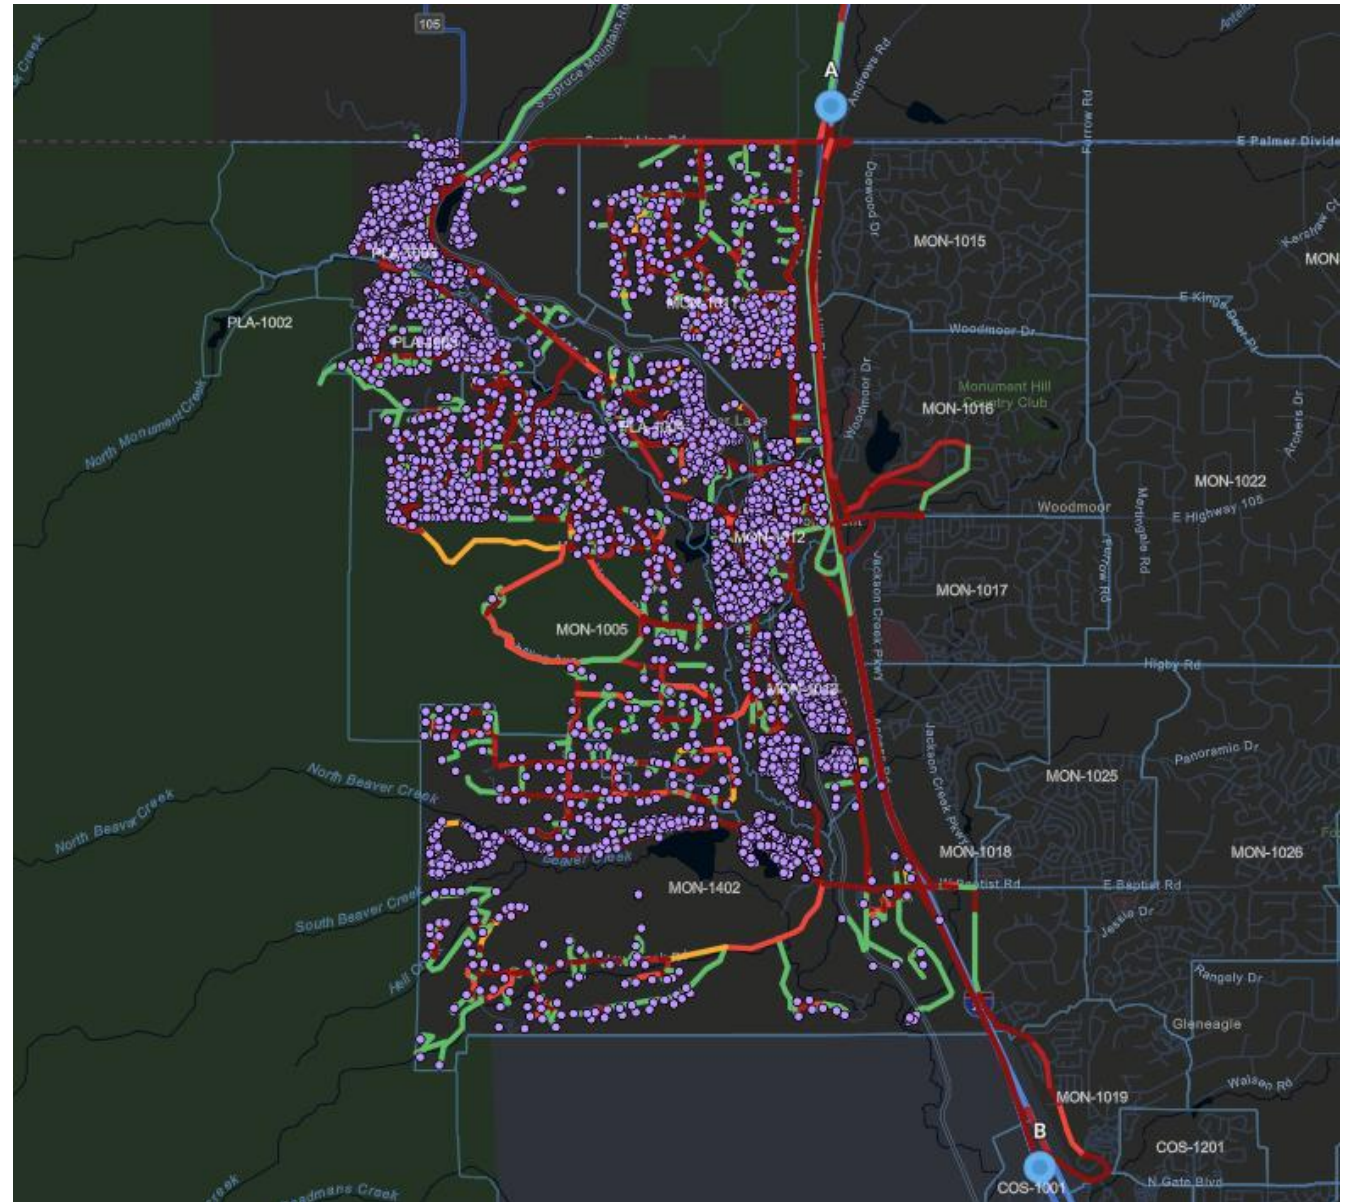

Critical Needs and Justification

Maintaining Capability

PPROEM is requesting a budget increase of \$90,000 to continue utilizing Ladris Core to maintain and build upon existing capability.

Regional partners have invested in the Ladrís Core to build a modern, evidence-based evacuation capability.

This is the County's portion of a regional expense. The City of COS is currently contributing to the project and will continue moving forward.

Base Budget & Critical Needs

Description	2027 Base Budget	2027 Critical Needs	2027 PBB
Office of Emergency Mgmt	911,312	90,000	1,001,312
Hazmat	473,975		473,975
PPROEM	1,385,287	90,000	1,475,287

Funding Request for 2027:

Wildfire Evacuation Software \$90,000 one-time
