- 2.50% Credit / Debit
 - No AMEX
 - \$2 minimum
- This fee covers the interchange rates charged by the processor, platform development and maintenance, customer service, accounting & balancing, and legal requirements to make EscrowTaxes possible.

What if a payment fails or get returned?

- EscrowTaxes will communicate all issues directly with the taxpayer.
- The taxpayer can update their payment methods and resume monthly escrow.
- If full payment cannot be completed in time, escrow will be cancelled and returned to taxpayer.
- All this will be handled by Autoagent with zero burden on the Tax Office.

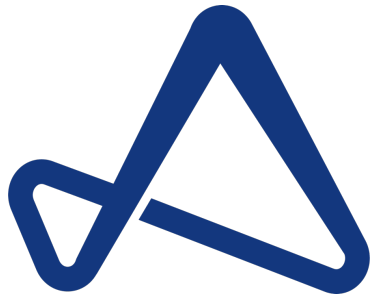

What if taxpayers want to cancel?

- Cancellations can be completed through their account up to 10 days before the due date.
- All unreleased escrow will be refunded back to the original payment method (minus fees).
